DETAILED ACTION

Election/Restrictions

- 1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-11, drawn to a phase shifter, classified in class 343, subclass 757.
 - II. Claims 12-23, drawn to an antenna system, classified in class 343, subclass 850.
 - III. Claims 24-28, drawn to an antenna system, classified in class 343, subclass 700MS.
- 2. The inventions are distinct, each from the other because of the following reasons:

Inventions II and I are related as combination and sub-combination. The inventions are distinct if either or both of the following can be shown: In the instant case the device claimed in Group I can be process with different tool like transmitter, receiver, in lieu of antenna system as defined in Group II.

Inventions II and III are related as combination and sub-combination. The inventions are distinct if either or both of the following can be shown: In the instant case the device claimed in Group III can be process with different tool like antenna elements in the car, cellular phone in lieu of antenna system which is used in the forming and distribution network as defined in Group II.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
